

Landscape Ontario Horticultural Trades Association Upper Canada Chapter

3 Academic Scholarships

Assisting the first year fiscal needs of individuals pursuing post secondary studies in a horticultural related field.

The “**Dan Clost Scholarship**”; “**Lisa Purves-Smith Scholarship**”; and “**Esmonde-White Scholarship**” for continuing education in horticulture, have been named for those who have furthered the development of horticulture education and awareness in the Upper Canada Chapter.

Each scholarship is \$500.00

Division of the UC chapter into three regions — east, central, and west — one recipient from each region each year.

If there is no applicant from one of the regions, the board will/may award the three scholarships according to the other Awarding Criteria.

Scholarships will be awarded commencing with the 2016 academic year.

Awarding Criteria:

- No age limit on the candidates
- Must be for an accredited post secondary program that runs more than one year in duration ie: apprenticeship, diploma, degree etc.
- Proof of residence within the geographical region of the UCC
- Special considerations may be given if a candidate's school is within the geographical region but residence is outside boundary
- Candidates must submit an essay explaining how their program choice of post secondary study will further their career development within the field of horticulture
- Demonstrate leadership skills ie: 4H, youth group, public service, etc. This is not meant to be a hindrance to candidate's validation; proper consideration/allowances will be given to their mandatory 40hrs of community service
- Recipient may not be awarded the bursary in consecutive years unless approved by the board
- Application deadline: March 31st each year
