# FLOOR PLAN

## SHOW NAVIGATION MADE SIMPLE

Let your smartphone  
do the work!

The interactive floor plan has a number of tools to help you make the most of your time at the trade show.

Search for exhibitors by all or part of their company name or product, their category or booth number and mark the ones you want to visit, then see where their booth is located and even get walking directions.

Explore exhibitor profiles that may include links to business locations, websites, social media and even product videos.

Search for show features, such as the LIVE Stage, Drive Live and more!

**SCAN THE QR CODE OR  
VISIT LOCONGRESS.

**COME SEE  
WHAT'S  
NEW IN  
2024!**

A modern outdoor patio at dusk. The patio is paved with large, light-colored stone tiles. Two dark-colored lounge chairs with tufted cushions are positioned on the left. The patio is bordered by a low wall made of stacked stone blocks. In the background, there are various plants, including tall grasses and a large green plant, illuminated by warm, low-profile lights. A wooden fence with vertical slats is visible on the right side. The sky is a deep blue, indicating twilight.

A man wearing a grey t-shirt, blue jeans, a black cap, and safety glasses is operating a Scag commercial mower on a green lawn. The mower is orange and black. In the background, there are trees and a stone wall. In the top right corner, there is a logo for Scag Power Equipment.

**SCAG**  
POWER EQUIPMENT

# SIMPLY THE BEST

Since 1983, Scag Power Equipment has been producing heavy-duty, commercial mowers. This gives us the experience needed to know what really works, and what doesn't. We listen to our customers, and constantly make the changes needed to meet their needs. In fact, every Scag mower receives many improvements and enhancements on a constant basis. Even the smallest improvements are important in creating the "Simply the Best" commercial mowers on the market. This constant product evolution has enabled us to retain our title as the premiere commercial-mower line in the industry. You can find less expensive mowers; however, you get what you pay for.

CHARGE LINK™ | SHOP CHARGING

## ULTIMATE CHARGING. 5 WAYS.

Greenworks Commercial's industry-leading charging solutions provide power all day. Overnight, on-the-go, or in the field, it doesn't matter; there's a solution for you. Go all in with our 20' trailer Optimus Mobile Power Station. If you have your own trailer, try our 16.2kWh Energy Box. At the heart of our ChargeLink™ system, lies the six-port handheld battery caddies. These caddies act as both storage and charger all-in-one and can be charged overnight (in the shop), on the go (via the 16.2kWh Energy Box) or in the field (via an OptimusZ accessory charger).

**THE NO-NONSENSE MACHINE  
WITH UNREAL PERFORMANCE**

## **THE NEW BOBCAT E40 COMPACT EXCAVATOR**

A tough machine with impressive power for countless jobs, the Bobcat® E40 strikes an impressive balance of leading lift capacity for its class size, minimal tail swing and fast cycle times.

With its high power and excellent maneuverability, this 4-ton machine is designed to increase confidence in confined jobsites. This minimal tail swing excavator has less than 2 inches of overhang, while competing machines with comparable specs require a conventional tail swing that

sacrifices maneuverability. The standard-equipped long arm further optimizes the E40's leading performance with increased depth and reach. When you compare against other models in its size class, it's clear the Bobcat E40 offers more value as a jobsite solution.

# LYRA

SIGNATURE & ENHANCED  
SERIES 60 MM SLAB

The Lyra slab provides both a modern design and a highly detailed surface. Taking advantage of Best Way Stone's DesignLoc surface refinement technology, Lyra offers a contemporary smooth finish, and is offered in a variety of colours. For a more enhanced finish, Nanoblast colour options are available in this product, providing a fine blasting to the surface, exposing specially selected granite aggregates.

**INTRODUCING**

### Nutrite's 21-0-5 60% HiViz & Micro Algae

*60% of the nitrogen is derived from Nutryon HiViz polymer-coated urea*      *Delivers the optimal amount of microalgae to benefit the soil microbiome*

**Nutryon HiViz**

Nutryon HiViz controlled release nitrogen provides a long lasting, precise feeding for up to 7 weeks for stronger and healthier turf.

**Micro Algae**

The optimal amount of microalgae bio-stimulant provides a complete food source (balance) proportion of carbohydrates, amino acids and spores for the soil microbes.

**Microbial Activity**

Boosted microbial activity improves the production of organic acids and enzymes by those microbes, which helps to mineralize nutrients in the soil and connect signal exchange between roots and soil particles.

**Contact us to discuss how 21-0-5 can benefit your Turf Programs!**

# SHOW TEAM

## Dedicated volunteers making a difference!

Landscape Ontario Congress would not be possible without the passion and dedication of the association's Show Committee. This group of Landscape Ontario member volunteers works directly with home office staff to ensure the show is a success each year. Their enthusiasm, creativity and hard work are vital to the prosperity of this annual event.

### 2024 SHOW COMMITTEE

Terry Childs (Chair)

Brian Cocks

Pam Cook

Paul DeGroot

Beth Edney

Michael LaPorte

Greg Schaafsma

Klaas Sikkema

### CONGRESS SHOW TEAM

**Heather MacRae**

Director of Trade Shows & Events

**Mercedes Strachan**

Trade Show Coordinator

**Meagan Sheehan**

Conference & Event Specialist

**Greg Sumsion**

Account Manager

**Liz Lant**

Account Manager

Congress is produced by Landscape Ontario Horticultural Trades Association. Comprised of over 3,000 members, 10 sector groups and nine local chapters, its mission is to promote the landscape and horticulture profession in Ontario, including the many joys and benefits of green spaces.
